SATISFACTION SURVEY

The Satisfaction Survey allows current residents and alumni to provide ratings on several program characteristics and submit an anonymous written review of the residency program where they trained. To be eligible, you must be a Doximity member who is either:

- A current resident who has completed at least 1 year of residency
- An alum who has graduated from his/her program within the last 10 years

Note: Please make sure to include your residency program on your Doximity profile by Friday, May 1st so Doximity can identify you as a current resident. If you have already completed a Satisfaction Survey before, you will be ineligible to participate again.

NOMINATION SURVEY

The Nomination Survey asks eligible candidates to nominate up to five residency programs that provide the best clinical training in their specialty, which is then weighted to construct an analysis that is nationally representative of the opinions of board-certified U.S. physicians in that specialty.

To be eligible, you must be a Doximity member who has completed residency and be a U.S. board-certified physician in one of the 28 specialties covered by Residency Navigator.

Note: Please make sure to include our residency program with years attended and a current, valid Board Certification on your Doximity profile by Friday, May 1st.
